

DEKAs[®]Plus

Product information: DEKAs Plus liquid, food for special medical purposes. For the dietary management of patients with cystic fibrosis on the specific recommendation of a specialist in cystic fibrosis. DEKAs Plus is a multivitamin and mineral supplement that contains higher amounts of fat-soluble vitamins. DEKAs Plus utilizes a clinically tested delivery technology to enhance absorption of fat-soluble vitamins and nutrients. **Important notice:** For children from 0-3 years of age. Use only under medical supervision. Not for parenteral use. Cannot be used as a sole source of nutrition. The product poses a health hazard if consumed by persons who do not have the disease (s), disorder(s) or medical conditions for which the product is intended. Use during pregnancy and/or combined use with anticoagulants only after consultation with a doctor. **Use and storage:** Do not use if the seal is broken or missing. Shake well before use. Keep out of reach of children. Store at room temperature. Refrigerate after opening. **Recommended dosage:** Age 0 to 12 months: 1 ml daily. Age 1-3 years: 2ml daily. Or as directed by physician. **Allergens:** none.

Ingredients: water, L-ascorbic acid, sodium-L- ascorbate, D-alpha-tocopheryl polyethylene glycol-1000 succinate, zinc gluconate, beta-carotene, D-alpha-tocopherol, antioxidant (tocopherol-rich extracts), nicotinamide, natural and artificial flavors, calcium D-pantothenate, sweetener (sucralose), coenzyme Q10, thiamin hydrochloride, riboflavin 5'- phosphate sodium, cholecalciferol, pyridoxine hydrochloride, retinyl palmitate, preservatives (potassium sorbate, sodium benzoate), phytomenadione, sodium selenite, D-biotin.
