

<i>Product name</i>	DEKAs Plus liquid
<i>Pharmaceutical form</i>	liquid
<i>Quantity</i>	60 ml
<i>Supplied in</i>	60 ml liquid in HDPE bottle with graduated dropper and Child Resistant Closure in carton box.
<i>Classification</i>	Food for Special Medical Purposes (FSMP)
<i>Product Description</i>	DEKAs Plus liquid is a food for special medical purposes intended for the dietary management of patients with cystic fibrosis. DEKAs Plus is a multivitamin and mineral supplement that contains higher amounts of fat-soluble vitamins. DEKAs Plus utilizes a clinically tested delivery technology to enhance absorption of fat-soluble vitamins and nutrients.
<i>Indications</i>	For the dietary management of patients with cystic fibrosis on the specific recommendation of a Cystic Fibrosis specialist.
<i>Important notices</i>	For children from 0-3 years of age. Use only under medical supervision. Not for parenteral use. Cannot be used as a sole source of nutrition. The product poses a health hazard if consumed by persons who do not have the disease (s), disorder(s) or medical conditions for which the product is intended.
<i>Contraindications:</i>	Use during pregnancy and/or combined use with anticoagulants only after consultation with a doctor.
<i>Directions for use and storage</i>	Do not use if the seal is broken or missing. Shake well before use. Keep out of reach of children. Store at room temperature. Refrigerate after opening.
<i>Recommended dosage</i>	Age 0 to 12 months: 1 ml daily. Age 1-3 years: 2ml daily. Or as directed by physician.
<i>Allergens</i>	None
